NitiVimarsh

Invites you to the Inaugural Webinar Series on

Science, Technology and Innovation Policy STIP 2020

The Science, Technology and Innovation Policy 2020 identifies and addresses the Indian STI ecosystem's strengths and weaknesses to catalyse the socio-economic development of the country and make the Indian STI ecosystem globally competitive. The panel discusses the core principles of the policy, the governance mechanisms, the various instruments and its implications for the society.
